

Love Letters to Mother Earth

As part of our Earth Day celebration, we are asking our Minnesota community to write love letters to Mother Earth!

Please fill out the letter below with your own appreciation for this place we call home. Tell us why you love our world – and what action you’re going to commit to to show that love.

Then, take a picture of you holding your love letter and send it to loveletters@mnipl.org! We’ll be putting together a video or collage of all the responses we get.

Happy Earth Day!

Fold or tear here before you take your picture!

Dear Mother Earth,

I love you because....

And I'll show you by....

Love,
